

COUNTY & STATE ASSESSMENT SERVICES

RTC has been pleased to offer County and Statewide assessment services to many municipalities, including the following:

- West Virginia
- Ohio
- Adams County, PA
- Cambria County, PA
- Centre County, PA
- Clinton County, PA
- Fayette County, PA
- Greene County, PA
- Lackawanna County, PA
- Lebanon County, PA
- Luzerne County, PA
- Schuylkill County, PA
- Washington County, PA
- York County, PA

Our services range from implementing and maintaining mapping and assessment software, to yearly assessment of mineral interests for tax purposes.

In addition, RTC implements and supports Govern Software, which assists counties to manage many areas of local government, including Land Assessment and Management, CAMA, the Clean & Green and PA Homestead programs, Tax Billing, Permitting, Licensing, Planning, and the Clean & Green and PA Homestead programs.

ENERGY RESOURCE & ENERGY OPERATION APPRAISALS

For over three decades, RTC has specialized in the appraisal of Energy Resources and Energy Operations, including **Coal**, **Oil & Gas**, **Wind**, and **Geothermal** properties.

We have expertise in appraising all aspects of the Energy process, from the natural resource itself through the mining or extraction operation, the processing and transport of the resource to its use in power generation.

RTC also offers the appraisal of the Machinery & Equipment that is frequently tied to such Energy operations

States we have been pleased to work in frequently include:

- Pennsylvania
- West Virginia
- Colorado
- Florida
- Ohio
- Georgia
- Alabama
- Arkansas
- Texas
- Alaska
- Wyoming
- Montana
- Kentucky
- Illinois
- Indiana

SPECIAL PROPERTY APPRAISALS

RTC has experience in the assessment of many "special property" types, such as:

- environmental habitats
- industrial properties
- environmental reclamation sites
- degraded properties
- resource recovery operations

Our team of experts provides an array of solutions, including:

- environmental reclamation plans
- feasibility analyses
- assessment of land and resource values

Among the states we have been pleased to work in are:

- New Jersey
- Pennsylvania
- Alaska
- North Carolina
- Florida
- Mississippi
